Andy Warhol Photograph Collection Acquired by the University

The Department of Art at UTC is the recent recipient of a collection of polaroid and silver gelatin print photographs from noted American pop artist Andy Warhol (1928-1987). The Andy Warhol Foundation for the Visual Arts in New York City has awarded 183 college and university art museums a total of 28,543 original Warhol photographs. UTC received 150 of these photographs in a special boxed set, which includes portraits of Warhol's friends and acquaintances, as well as some celebrities. The collection is stored in the Special Collections of Lupton Library and may be viewed during regular Special Collections hours on request.
